

# Preparing to Use the Printer

- Using a network connection **LAN**  
Begin setup from Step 1.
- Using a USB connection **USB**  
Begin setup from Step 2.

## Step 1 Configuring the network

**LAN**

(1) Open the folder, and execute [xxxx.exe].

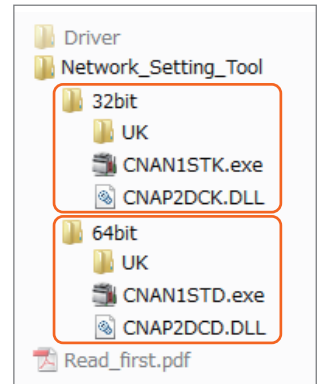

● **32-bit version**

Open [Network\_Setting\_Tool] - [32bit], and execute [CNAN1STK.exe].

● **64-bit version**

Open [Network\_Setting\_Tool] - [64bit], and execute [CNAN1STD.exe].

If the [User Account Control] dialog box appears  
Click [Yes] or [Continue].

(2) Follow the on-screen instructions to configure the settings.

When the message "Configuration of the network settings for the printer has ended" appears, click [Exit] to close the message, and then continue to Step 2.

## Step 2 Installing the printer driver

**USB LAN**

(1) Open the folder, and execute [Setup.exe].

● **32- and 64-bit versions**

Open [Driver], and execute [Setup.exe].

If the [User Account Control] dialog box appears  
Click [Yes] or [Continue].

(2) Follow the on-screen instructions to configure the settings.
