Warning	Failure to follow the instructions accompanied by this symbol may result in death or serious injury.
Caution	Failure to follow the instructions accompanied by this symbol may result in injury.
Caution	Failure to follow the instructions accompanied by this symbol may result in property damage.

Safety Precautions

Installation Precautions

Warning

- Do not install in the following places:
- Places in direct sunlight, near heat-generating objects, or subject to high temperatures
 - Places near fire sources or flammable solvents (alcohol, thinner, fuel, etc.)
 - Humid or dusty places
 - Places subject to oily smoke or steam
 - Places subject to sea air
 - Confined or enclosed places
- Failure to do so may result in fire or electric shock.

- Precautions for the LAN (power) cable:
- Do not set any heavy objects on the LAN cable.
 - Do not pull, forcibly bend, scratch, or modify the LAN cable.
- Failure to do so may result in fire or electric shock.

Caution

- For installation or inspection of this camera, consult the dealer where you purchased the product.
- This installation should be made by a qualified service person and should conform to all local codes.
 - When installing, make sure the surface is capable of withstanding the total weight of the camera and accessories, and sufficiently reinforce if necessary.
 - Periodically check the parts and screws for rust and loosening, in order to prevent injuries and equipment damage due to falling items.

- Do not install in unstable places, places subject to significant vibration or impact, or places subject to salt damage or corrosive gas.
 - Be sure to attach the safety wire when installing the camera.
 - Use only with compatible cameras.
 - If a ceiling plate thickness is not between 10.0 and 50.0 mm, do not use it.
- Failure to do so may result in the camera falling or other accidents.

- Do not touch the edges of metal parts with bare hands.
 - Be careful not to get your fingers caught when installing.
- Failure to do so may result in injuries.

Caution

- **S30 S31** Do not turn the camera rotator by hand.
 - **S30 S31** Do not install on an unstable surface. Also, make sure the camera is installed less than $\pm 5^\circ$ off horizontal.
 - After turning off the power, do not turn the power on again for at least five seconds.
 - Take measures to remove static electricity before performing any procedures.
 - If there is condensation, please wait to power on until the condensation dissipates.
- Failure to do so may result in malfunctions.
- Take care not to damage wiring or pipes.
- Failure to do so may result in damage to peripheral items.

Precautions for Use

Warning

- If you discover defective conditions such as smoke, strange sounds, heat or strange odors, immediately stop using the camera and contact your nearest dealer.
- Fire or electric shock may result from continued use of the product.
- If thunder starts, stop installation or inspection etc. and do not touch the camera or continue connecting the cable.
 - Do not disassemble or modify the camera.
 - Do not damage the connecting cable.
 - Do not spray the camera with water, or otherwise make it wet.
 - Do not insert foreign objects such as water or metal into the camera.
 - Do not use flammable sprays near the camera.
 - Do not leave LAN cables connected when the camera is not in use for long periods.
 - Do not use flammable solvents such as alcohol, paint thinner or benzene when cleaning the camera.
- Failure to do so may result in fire or electric shock.
