## 1 Unpack the Printer

❶ Carefully remove all items from the box.
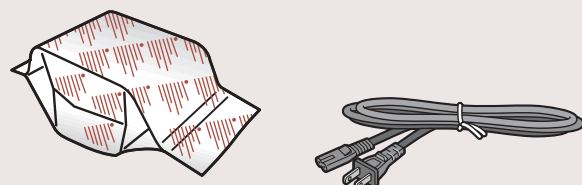

S330 Series
Color Bubble Jet Printer

Paper Rest
Output Tray

Documentation
and Software Kit

S330 Print Head   Power Cord

Ink Tanks

BCI-24 Black   BCI-24 Color

2 Prepare the Printer

❶ Remove the shipping tape from the front and sides of the printer.

Shipping Tape

❷ Plug the power cord into the back of the printer and connect the other end to a power outlet.

❸ Press the POWER button.

POWER Button   POWER Lamp

❹ Open the front cover. The print head holder automatically moves to the center.

Serial number

❺ Write down the serial number located to the right of the print head. You will need this later to register the product.
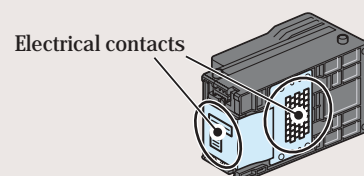

3 Install the Print Head

❶ Remove the print head from its package.

❷ Turn the print head over, then remove the orange protective cap.
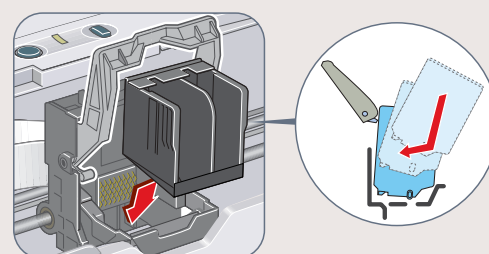

NOTE: Do not touch the electrical contacts.

Electrical contacts

❸ Raise the gray lock lever.

❹ Slide the print head into the holder until it is securely seated.
Do not press it down.

❺ Lower the lever until it locks into place.

4 Install the Ink Tanks

❶ Remove the black ink tank (BCI-24 Black) from its packaging and pull off the orange protective cap.
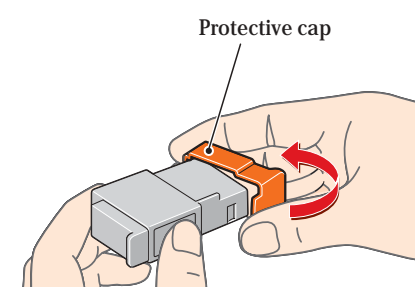

Protective cap

NOTE: To avoid spilling ink, do not touch the bottom of the tank once you have removed the protective cap.

❷ Insert the black ink tank into the slot on the right. Press down until the ink tank locks into place.
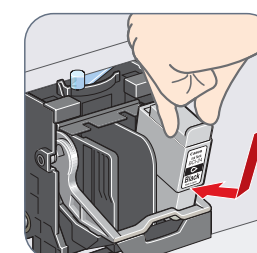

❸ Repeat the procedure for the color ink tank (BCI-24 Color), inserting it into the remaining slot.
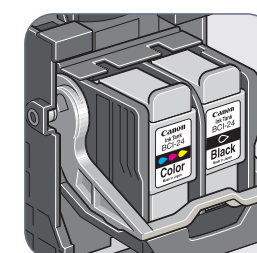

❹ Close the front cover and attach the paper rest and output tray.
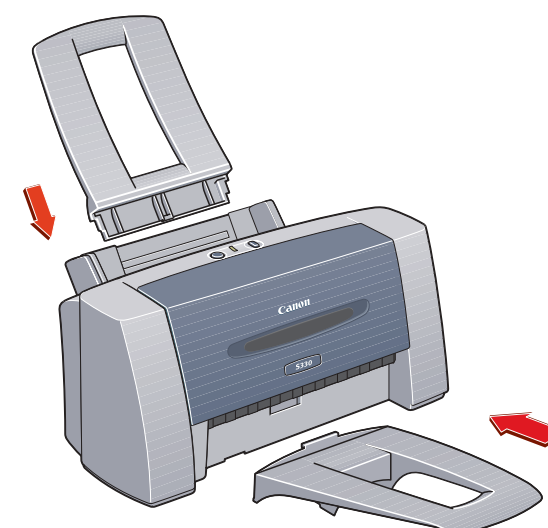

5 Connect the Printer To Your Computer

❶ Turn the printer off.

⚠ IMPORTANT: Be sure printer is off before continuing, or the computer will attempt to install the printer driver before the printer is ready.

❷ Connect one end of a USB cable (not included) to the computer, the other to the printer.

USB Port

USB Cable

Canon
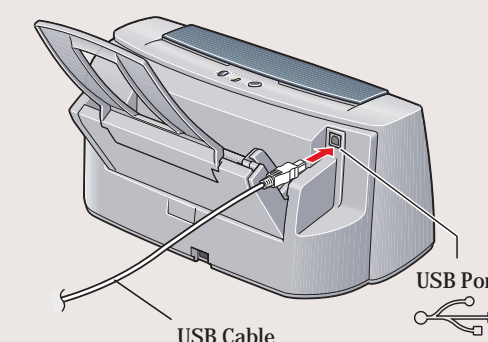

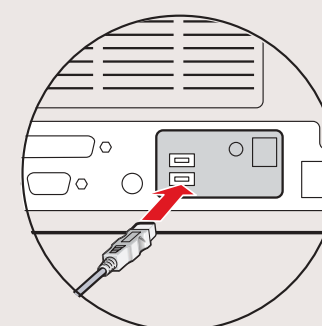

Windows

6 Install the Printer Driver (Windows®)

❶ Be sure to TURN THE PRINTER OFF.

POWER Button   POWER Lamp off

NOTE: For Windows® XP or Windows 2000, log on to Windows as an Administrator before continuing.

⚠ IMPORTANT: If you see the Add New Hardware Wizard, click Cancel.

❷ Close any open software applications, then insert the S330 Setup Software & User's Guide CD-ROM. The setup program should run automatically.

NOTE: If the setup program does not run, click Start, then Run, then type D:\msetup.exe, where D is your CD-ROM drive.

❸ Read the License Agreement, then click Yes to continue.

❹ When the main menu appears, click Install.

NOTE: If you are prompted to restart Windows, remove the CD-ROM, then click OK. After the computer restarts, insert the CD-ROM and continue.

❺ TURN THE PRINTER ON so the printer port (connection) can be automatically detected.

POWER Button   POWER Lamp on

⚠ IMPORTANT: If your computer can not detect a printer port, refer to the Troubleshooting chapter in the *S330 Quick Start Guide* for instructions.

❻ When the Terminate Installation window appears, click OK.

NOTE: Remember to register your product to ensure product support. The serial number is located on the inside of the printer, to the right of the print head.

❼ When the software screen appears, click Install.

❽ When the Terminate Installation window appears, click OK, then Exit.

NOTE: For more information, refer to the *S330 Quick Start Guide* or view the Photo Application Guide on the "S330 Setup Software & User's Guide" CD-ROM.

❾ To insure highest quality output, continue with Step 7 Align the Print Head.

Macintosh

6 Install the Printer Driver (Macintosh®)

❶ Insert the S330 Setup Software & User's Guide CD-ROM.

NOTE: Screen shots may differ depending on the operating system used.

❷ Open the printer driver folder on the CD-ROM, then double-click the Installer icon.

❸ Read the License Agreement, click Accept to continue.

❹ Click Install. The printer driver will load automatically.

❺ If the message "No other applications can be running..." displays, click Continue.

❻ When the "Installation was successful" screen displays, Restart your computer.

NOTE: Register your product to ensure product support. From the CANON_BJ window, double-click the Product Registration icon, then follow the on-screen instructions.

❼ After the computer restarts, TURN THE PRINTER ON. Select the Apple menu, then Chooser.

❽ Click the S330 icon in the Chooser. The printer name will highlight and move to the right panel.

NOTE: To use the BJ Print Monitor, click the Backgrounding button to the On position.

❾ Close the Chooser.

❿ From the Application folder, double-click on the software to be installed.

⓫ When the "Installation has Finished" screen appears, click OK.

NOTE: For more information, refer to the *S330 Quick Start Guide* or view the Photo Application Guide on the "S330 Setup Software & User's Guide" CD-ROM.

⓬ To insure highest quality output, continue with Step 7 Align the Print Head.

7 Align the Print Head

❶ Place a stack of blank paper in the paper rest.

❷ Start the alignment procedure.

Windows:

a. For Windows XP select Start, Settings, then Control Panel, then click on Printers and Other Hardware, then Printers and Faxes.

b. Right-click the Canon S330 icon, then click Printing Preferences.

c. Click the Maintenance tab, then click the Print Head Alignment icon.

d. When asked to start print head alignment, click OK.
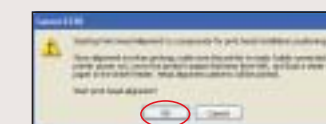

e. Follow the on-screen instructions to complete print head alignment.

Macintosh:

a. From the File menu in a software application, click Page Setup.

b. Click the Utilities button.

c. Click the down-arrow to select Test Print.

d. Click the Print Head Alignment icon.

e. Follow the on-screen instructions to complete print head alignment.

❸ Click OK (Windows) or Close then OK (Macintosh) when finished.
