1 Unpack

❶ Carefully remove all items from the box.

Printer

High Resolution
Paper HR-101 (3)

BJ Print Head
BC-50 (1)

Ink Tanks (6)

Roller Cleaning Plate

Quick Start Guide
**Note: You will need a parallel or USB cable.**

❷ Remove and discard all shipping tape and materials.

Important! Always lift the printer by gripping both sides.

2 Extend the Paper Support and Paper Output Tray

Important! Before moving on to Step 3, make sure your computer is turned off.

3 Connect the Printer to the Computer
❶ First, connect the cable to the printer.

USB Connection
Parallel Connection

❷ Then, connect the cable to your computer.

**Note: The USB port may be on the front and/or back of the computer.**

4 Plug In and Turn On

❶ Plug in the power cord.

**❷ Press the POWER button to turn on the printer.**

5 Install the Cartridge

**❶ Lift the front cover. The cartridge holder moves to the center of the printer.**

❷ Remove the shipping material from the cartridge holder.
❸ Remove the cartridge from the packaging.
❹ Remove and discard the orange protective cap.

Important! Do NOT touch the printhead or metallic contacts.

❺ Raise the blue lock lever until it snaps into place.

**❻ Set the cartridge into the slot.**

**❼ Lower the blue lock lever until it snaps into place.**

6 Insert the BJ Individual Tanks

❶ Pick up the yellow ink tank (BCI-5Y).

❷ Pull up the orange tab and remove and discard the plastic film.

❸ Twist off and discard the orange plastic cap.
❹ Insert the ink tank into the correct slot. (Refer to the color guide on the blue lever.)
❺ Press down until the BJ tank snaps into place.

snap
❻ Insert the remaining BJ tanks. The BJ tanks must be inserted in the order shown on the color guide label.

❼ Close the front cover. The printer automatically performs the print head cleaning. This procedure takes approximately 40 seconds.

7 Install the Printer Software

Windows:

❶ Make sure that the printer is connected, then turn on the computer.

❷ If you see the New Hardware Wizard, insert the Canon Creative CD-ROM into your CD-ROM drive and follow the on-screen instructions. If you do not see the New Hardware Wizard, wait until Windows completes booting up. Then, insert the CD-ROM into your CD-ROM drive.

❸ If Setup does not start automatically, click on the Start button on the Windows taskbar and choose Run. Type X:\Setup (where "X" is the drive letter of your CD-ROM drive). Click OK.

❹ Follow the on-screen instructions to complete installation.

Note: If you do not see the screen shown above, eject the CD-ROM and reinsert. Then repeat the steps above.

Macintosh:

❶ Make sure that the printer is connected, then turn on the computer.

❷ Double-click on the Canon BJC-8200 icon.

❸ Follow the on-screen instructions to complete installation.

8 Align the Print Head

❶ Place one sheet of High Resolution Paper (included in the box) in the sheet feeder.
❷ Start the alignment procedure.

Windows:

a. Click the Start button, point to Settings then select Printers.

b. Right-click the Canon BJC-8200 icon and select Properties.

c. Click the Maintenance tab then click the ▥ (Print Head Alignment) icon.
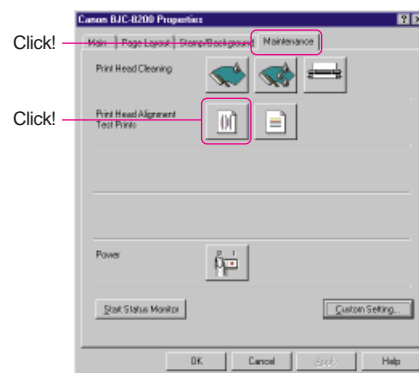

Macintosh:

a. In the software application, from the File menu, select Page Setup.

b. Click the Utilities button.

c. Click the down-arrow to select Test Print.

d. Click the [▣] (Print Head Alignment) icon.

Click!

Click!

❸ **To print an alignment page, click OK when prompted.**

❹ **Compare the different patterns for each color of your printout.**

Uneven

Most even
