

Regarding the Software Used in this Firmware

The software included in this firmware contains the software modules developed by both Canon and third parties.

Software Developed by Canon and Free Software

Software developed or created by Canon and accompanying document is protected by copyright law, terms of an international convention and any other governing laws.

This product uses software modules under copyright by third parties and distributed as free software. Some of these software modules are subject to the GNU General Public License v2 (GPL), GNU Lesser General Public License v2.1 (LGPL) or any other license.

Display of License Information of Free Software Modules Included in this Firmware

For copyright purposes, it is obligatory to display the license information for the free software modules that are included in this firmware. The license information is saved in the download file. If you want to check the license list, please see the ThirdPartySoftware.pdf file in the thirdparty_software ¥ LICENSE folder. Furthermore, if you want to check the license of each of the free software modules, please see the text file stored in the thirdparty_software ¥ LICENSE folder.

Obtaining Source Codes of Free Software

Some free software requires the acquirement of the source code of modules in order to distribute the executable form of those software modules. To obtain the source codes of software modules, please contact the Canon Regional Headquarters for your country of residence.
