and Software Kit

## 2 Prepare the Printer

❶ Remove all shipping tape from the printer.

Shipping Tape

❷ Open the front sheet feeder and the front cover. Remove the shipping tape and packing material from the print head holder.
Packing Material
Print Head Holder

Shipping Tape

❸ Write down the serial number located to the right of the print head holder. You will need this to register the product.

Serial Number

3 Install the Print Head

❶ Remove the print head from its package.

Tear at notch to open

❷ Remove the orange protective cap.

📖 **NOTE:** Do not touch the electrical contacts or print head nozzles.

Print Head Nozzles

Electrical contacts

❸ Raise the gray lock lever on the printer.

⚠️ **IMPORTANT:** Ensure that the gray lock lever is raised into the notches located above the print head holder before proceeding or the print head may not install correctly.

❹ Slide the print head into the holder until it is securely seated.
Do not press it down

❺ Lower the lever until it clicks into place.

Click

4 Install the Ink Tanks

❶ Remove the black ink tank (BCI-24 Black) from its package and pull off the orange protective cap.
📖 **NOTE:** To avoid spilling ink, do not touch the bottom of the tank once you have removed the protective cap.
Protective Cap

❷ Insert the black ink tank (BCI-24 Black) into the slot on the right. Then press in until the ink tank clicks into place.

⚠️ **IMPORTANT:** For correct printer operation, make sure ink tanks are secure in slots.

Click

❸ Repeat the procedure for the color ink tank (BCI-24 Color), inserting it into the remaining slot.

❹ Close the front cover.

❺ Open the paper support and pull out the output tray.

Paper Support

5 Connect the Printer And Load Paper

❶ Plug the power cord into the back of the printer and connect the other end to a power outlet.

⚠️ **IMPORTANT: BE SURE THE PRINTER IS OFF,** or the computer will attempt to install the printer driver before the printer is ready.
❷ Connect one end of a USB cable to the computer, the other to the printer.

USB Cable   USB Port

❸ Pinch the paper guide and slide it to the left. Load a sheet of blank paper in the paper support. Slide the guide toward the left edge of the paper.

Paper Guide

**Continue with Step 6 on side two.**

Windows

Macintosh

1 Turn the computer on and **LEAVE THE PRINTER OFF**.

📖 **NOTE:** For Windows® XP or Windows 2000, log on to Windows as an Administrator before continuing.
⚠ **IMPORTANT:** If you see the Found New Hardware Wizard, click **Cancel**.

2 Close any open software applications including anti-virus, computer security and other software. Then insert the "Setup Software & User's Guide" CD-ROM. The setup program should run automatically.

📖 **NOTE:** If the setup does not run automatically, click **Start**, then **Run**, then type **D:\msetup.exe**, where **D** is your CD-ROM drive.

3 When the main menu appears, click **Easy Install** and follow on-screen instructions.

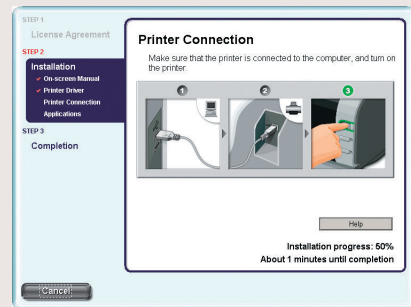

📖 **NOTE:** Select **Easy Install** in order to install application software, electronic manual and printer driver. Select **Custom Install** in order to choose the options you would like to install.

**4** When the "Easy Install" window appears, click **Install**.

5 Read the License Agreement, then click **Yes** to continue. Then, installation of the driver and electronic instruction manual starts.

6 When the "Printer Connection" window appears, **TURN THE PRINTER ON**. The printer will initialize for about one minute.

⚠ **IMPORTANT:** If your computer cannot detect a computer port, click **Help** and refer to the online instructions.

7 Follow the on-screen instructions to install the remaining software. When the "Installation Results" window appears, click **OK**.

8 Follow the on-screen instructions to register your product.

9 When the "Installation completed successfully" window appears, click **Exit**.

📖 **NOTE:** If a message prompting you to restart the computer appears, click **Restart.**

📖 **NOTE:**
· When you print out for the first time, it takes approximately one minute until the printer starts printing.
· If print quality is not satisfactory after installing the printer, you may need to align the print head. Refer to "Aligning the Print Head" instructions in your *Quick Start Guide*.
📖 **NOTE:** For Mac OS 9.x printer driver instructions, refer to the "Appendix" of the *Quick Start Guide*.
1 Turn on your Mac and your printer and insert the "Setup Software & User's Guide" CD-ROM.

📖 **NOTE:** The printer will initialize for about one minute.

2 Double-click the CD-ROM icon, then the **Mac OS X** folder, then the **Printer Driver** folder.

**3** Double-click the **PIXMA iP2000 280.pkg** icon.

📖 **NOTE:** When the "Authenticate" screen appears, enter your administrator name and password. If you do not know your administrator name or password, click ?, then follow the on-screen instructions.

4 When the "Welcome to the BJ printer driver Installer" screen appears, click **Continue**.

5 Read the Software License, click **Continue**, and then click **Agree.**

**6** Select a destination for the printer driver to be installed. Then click **Continue**.

7 Click **Install**. When the "Authenticate" screen appears, enter your administrator name and password, then click **OK**.

📖 **NOTE:** If you do not know your administrator name or password, click ?, then follow the on-screen instructions.

8 When a message asking for your confirmation to proceed with the installation, click **Continue Installation**.

9 When the message "The software was successfully installed" appears, click **Restart**.

10 Access your CD-ROM again. From the **Application** folder, double-click the **Easy-PhotoPrint** icon. Follow the on-screen instructions.

11 When the "Installation is completed" screen appears, click **OK**.

12 Double-click on **the Product Registration** icon, found in the **Mac OS X** folder, to register your product.

📖 **NOTE:**
· When you print out for the first time, it takes approximately one minute until the printer starts printing.
· If print quality is not satisfactory after installing the printer, you may need to align the print head. Refer to "Aligning the Print Head" instructions in your *Quick Start Guide*.
