## 2 Prepare the Printer

- Remove the shipping tape from the front and sides of the printer.

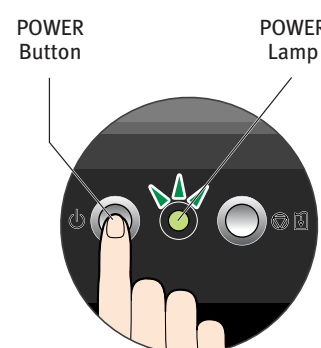

Shipping Tape

- Plug the power cord into the back of the printer and connect the other end to a power outlet.

- Press the POWER button.

- Open the front cover. The print head holder automatically moves to the center. Remove the protective tape.

Protective tape

Serial number

Write down the serial number located to the right of the print head. You will need this later to register the product.

## 3 Install the Print Head

- Remove the print head from its package.

- Turn the print head over, then remove the orange protective cap.

**NOTE:** Do not touch the electrical contacts.

- Raise the gray lock lever.

- Gently slide the print head into the holder. The print head will rest at a slight angle. Do not press it down.

- Lower the lock lever and gently press it down until it locks into place.

## 4 Install the Ink Tanks

- Pull the orange tab off the magenta ink tank (BCI-6M), then remove and discard the plastic wrapper.

- Twist off and discard the orange protective cap.

**NOTE:** To avoid spilling ink, never press on the sides of an ink tank.

- Insert the ink tank into the correct slot. (Refer to the color guide on the print head holder.)

Press down gently until the ink tank locks into place.

- Insert the remaining five ink tanks into their assigned slots.

- Close the front cover and extend the paper rest and paper output tray.

## 5 Connect the Printer To Your Computer

- Turn the printer off.

**IMPORTANT:** Be sure the printer is off before continuing, or the computer will attempt to install the printer driver before the printer is ready.

- Connect one end of the USB cable to the computer, the other to the printer.

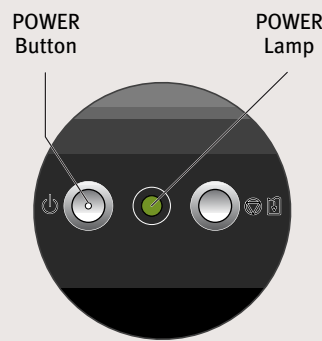

Continue with Step 6 on side two.

## 6 Install the Printer Driver (Windows®)

- 1 Be sure to **TURN THE PRINTER OFF** before continuing.

**NOTE:** For Windows® XP or Windows 2000, log on to Windows as a member of the Administrators group before continuing.

**IMPORTANT:** If you see the Found New Hardware Wizard, click **Cancel**.

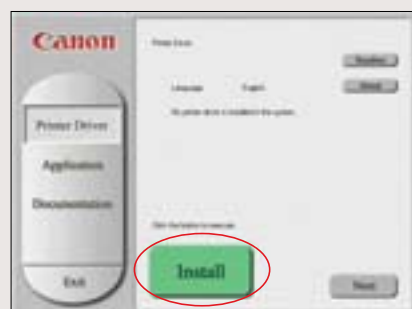

- 2 Close any open software applications, then insert the “i950 Setup Software & User’s Guide” CD-ROM. The setup program should run automatically.

**NOTE:** If the setup program does not run, click **Start**, then **Run**, then type D:\msetup.exe, where D is your CD-ROM drive.

- 3 Read the License Agreement, then click **Yes**.

- 4 When the main menu appears, make sure that the Printer Driver is selected, then click **Install**.

- 5 When the Printer Port window appears, **TURN THE PRINTER ON** so the printer port (connection) can be automatically detected.

The software will begin identifying the printer port being used.

- 6 When the Terminate Installation window appears, click **OK**.

- 7 Follow the on-screen instructions to continue with Product Registration.

**NOTE:** Be sure to register your product. The serial number is located on the inside of the printer, to the right of the print head.

- 8 When the main menu appears, make sure that Application is selected, then click **Install**. Follow the on-screen instructions.

- 9 When the Terminate Installation window appears, click **OK**, then **Exit**.

- 10 Click **Yes** if you are prompted to restart your computer.

**IMPORTANT:** To ensure highest quality output, continue with **Step 7 Align the Print Head**.

## 6 Install the Printer Driver (Macintosh® OS X)

- 1 Turn on your Mac and your printer and insert the “i950 Setup Software & User’s Guide” CD-ROM.

- 2 Open the Mac OS X folder, then double-click the Printer Driver folder.

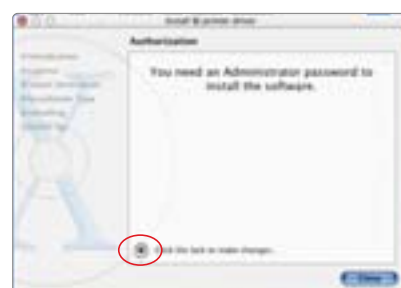

- 3 Double-click the **i950** icon.

- 4 Click the icon and enter the Administrator name and password, then click **OK**.

**NOTE:** For v10.2 users, skip to the next step

- 5 When the “Welcom to the BJ printer installer” screen appears, click **Continue**.

- 6 Read the Software License Agreement and click **Continue**, then click **Agree**.

- 7 Select a destination for the printer driver to be installed. Then click **Continue**.

- 8 Click **Install**. When a message asking for your confirmation to proceed with the installation, click **Continue Installation**.

- 9 When the message “The software was successfully installed” appears, click **Restart**.

- 10 Access your CD-ROM again. From the Application folder, double-click on the software to be installed.

- 11 Follow the on-screen instructions. When the “Installation is Complete” screen appears, click **OK**.

**NOTE:** Be sure to register your product. The serial number is located on the inside of the printer, to the right of the print head.

**IMPORTANT:** To ensure highest quality output, continue with **Step 7 Align the Print Head**.

## 6 Mac® OS 8.6–9.x

- 1 Insert the “i950 Setup Software & User’s Guide” CD-ROM.
- 2 Open the Mac OS 8.6–9.x folder, then open the Printer Driver folder, then double-click the **Installer** icon.

- 3 Read the License Agreement and click **Accept**.

- 4 Click **Install**. The printer driver will load automatically.

- 5 If the message “No other applications can be running...” displays, click **Continue**.

- 6 When the “Installation was successful” screen displays, **Restart** your computer.

- 7 After the computer restarts, **TURN THE PRINTER ON**. Select the **Apple** menu, then **Chooser**.

- 8 Click the **i950** icon in the Chooser. The printer name will highlight and move to the right panel.

**NOTE:** To use the BJ Print Monitor, click the **Backgrounding** button to the **On** position.

- 9 Close the Chooser.

- 10 Access your CD-ROM again. From the Application folder within the Mac OS 8.6–9.x folder, double-click on the software to be installed. Follow the on-screen instructions.

**NOTE:** Be sure to register your product. The serial number is located on the inside of the printer, to the right of the print head.

**IMPORTANT:** To ensure highest quality output, continue with **Step 7 Align the Print Head**.

## 7 Align the Print Head

Before using the printer, align the print head to ensure the best quality printing.

- 1 Load a stack of paper to the sheet feeder.
- 2 Start the alignment procedure.

### Windows:

- a. For Windows XP, select **Start**, then **Control Panel**. Then click on **Printers and Other Hardware**, then **Printers and Faxes**.

**NOTE:** For other Windows versions, click **Start**, then **Settings**, then **Printers**.

- b. Right-click the **Canon i950** icon, then click **Properties**.
- c. Click the **Maintenance** tab, then click the **Print Head Alignment** icon.

### Macintosh:

- a. For Mac OS X: Double-click the **Macintosh HD** icon, then **Applications** folder. Double-click the **Utilities** folder, then the **Print Center** icon. The Printer List window appears.

Under Printers menu, select **Configure Printer**. Select **i950**, and click **Select**.

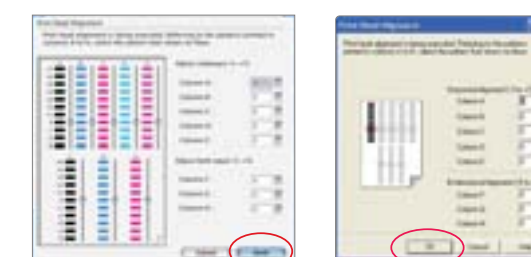

**NOTE:** For Mac OS 8.6–9.x: From the **File** menu in a software application, click **Page Setup**, then click the **Utilities** button.

- b. Click the down-arrow to select **Test Print**.
- c. Click the **Print Head Alignment** icon.

- 3 Follow the on-screen instructions.

- 4 Compare the different patterns for each color on the printout and enter the number in the Print Head Alignment window that corresponds with the smoothest looking pattern.

- 5 Click **OK** (Windows) or **Send** (Macintosh) when finished.
